PROFESSIONAL SUMMARY

Software Engineer with 2.5 years of experience building scalable REST APIs and distributed backend systems using Node.js, Express.js, Java, MongoDB, and Redis. Experienced in SaaS and FinTech applications with strong problem-solving skills, API integrations, authentication systems, CI/CD workflows, and microservices architecture. Skilled in React.js, TypeScript, database optimization, and developing reliable applications in Agile environments.

WORK EXPERIENCE

Wybrid Technologies Pvt. Ltd.

Mumbai, India

Backend Developer

Jan 2025 – Present

- Designed and optimized RESTful APIs using **Node.js** and **Express.js**, improving response time by **25%** and reducing server load.
- Documented **100+** API endpoints using **Swagger**, improving API clarity, and reducing integration issues by **30%**.
- Developed **backend modules** for attendance tracking, contracts, and workspace allocation to support **high-volume user** operations, while also building **responsive frontend** components using **React.js**.
- Implemented **JWT-based authentication** and **role-based access control**, enhancing application security.
- Implemented **asynchronous event-driven** background jobs and **automated cron tasks** using **Redis** for **notifications** and **push notifications**, improving **concurrency** handling and system **reliability** by **40%**.
- Worked with **Docker-based containerization**, **CI/CD** pipelines, **Linux** environments, and **AWS cloud** deployment **workflows**.
- Wrote clean, modular, and maintainable code following best practices and participated in code reviews.

Newgen Software Technologies.

Mumbai, India

Software Engineer

Jan 2024 – Dec 2024

- Developed and maintained enterprise banking applications using **Java**, **JavaScript**, and **SQL** (MySQL), translating **business requirements** into scalable backend solutions.
- Developed** and **optimized** enterprise trade **finance APIs** involving data **transformation**, **filtering**, and **database operations**, improving retrieval efficiency by **25%**.
- Worked within structured **SDLC processes**, handling **debugging**, **deployment**, technical **documentation**, and **production support** on **WebLogic servers**.

TECHNICAL SKILLS

- Programming Languages:** Java, JavaScript (ES6+), TypeScript, Object-Oriented Programming (OOP), Data Structures & Algorithms.
- Backend Development:** Node.js, Express.js, REST API Design & Development, JWT Authentication, API Optimization, Middleware, Error Handling, System Design, Microservices Architecture, Third-Party API Integration, Asynchronous Programming, Event-Driven Architecture, Spring Boot.
- Cloud & Security:** AWS EC2, S3, Lambda, CloudWatch, Docker, GitHub Actions, CI/CD, Linux CLI, Bash Scripting
- Databases:** NoSQL (MongoDB), SQL (PostgreSQL), Schema Design, Indexing, Query Optimization, Caching, Database Optimization.
- Frontend Development:** React.js, Next.js, TypeScript, HTML5, CSS3.
- Tools & CI/CD:** Git, GitHub, GitHub Actions, Redis, Postman API Testing, VS Code, Notion, Debugging, Unit Testing, Microsoft Excel
- Methodologies:** Agile Scrum, SDLC, MVC.

PROJECTS

Role Based Access Control – E-Commerce Application

GitHub: [Project Link](#)

- Developed a scalable **role-based access control** (RBAC) system with secure REST APIs for Super Admin, Admin, Partner, and Customer workflows using **Node.js**, **Express.js**, **MongoDB**, and **React.js**.
- Implemented **JWT-based authentication** and **bcrypt** password hashing, **securing 100%** of user sessions and sensitive data operations.
- Designed end-to-end product management **workflow** enabling Partners to manage products and Admins to verify/reject entries, reducing invalid **product listings** by **30%**.

EDUCATION

- B.Tech. in Information Technology** — Pillai College of Engineering, Mumbai (2020–2024) | **CGPA: 9.54**
- HSC (12th)** — Maharashtra Board (Mumbai 2020) | **82.92%**
- SSC (10th)** — Maharashtra Board (Mumbai 2018) | **83.60%**

ADDITIONAL INFORMATION

- Languages:** English (Professional), Hindi (Native), Marathi (Native), German (Intermediate)
- Soft Skills:** Problem Solving, Analytical Thinking, Ownership & Accountability, Cross-Team Communication
